AMEND PLEADINGS por Coart Orders
Document Number 124 (1page), Notice Numbers
20200403-71

A Your Honor, who is then person. She showed up in your motion to dismiss. I've never heard of her till word.

To the Honorable Judge of SAID Coast,
Now Comes,
Bobbie David Haver Kamp, #702013 A/K/A
the Plaintiff And submits Any Amended complaint
IN Civil Action 2:17-CV-18 with motion to
Amend. The Attachment is the complete
proposed Amended plending. The Amended
complaint is filed before Friday, May 8.

#### Juris diction

The Corpus Christi Division has jurisduction over the suit due to All events happen in the Corpus Division.

There is a open question of jurisdiction that the defendants have raised but the Court side-step the issue by moving into a Motion to dismiss the Plaintiff's claims for failure to State a Claim with prejudice.

The Plaintiff has been in the Corpus Division since Jan 2017 and the jurisdiction questions pops up All the time but its Dreally a question between the Defendants and the Corpus Bench. The Plaintiff will let the argument

of Jarisdiction be among the Defendants and the Court.

The Court should be Aware, the Plant of Con Angue this issue of Gender Dysporia in any Court, Any time, weather No promblem track conditions no by deal.

#### GATE Keeper

This Amended complaint es my third pass throw the gate Keeper, the issue of Genders Dysporia is complex and the Plaint of does not feel the Court will assume all material facts contained in the complaint are true under the Davis/Monroe standards (119 S. Ct 1661), 50 the Plaint offs Civ. 1 Actions hangs by a thread, a very slender thread at that.

The Plaintiff feels the Court blinderded Civil Action 2:17-cu-18 with the Asheroft/ Ighal standard, (129 Sect 1937, 1949) The Plaintiff will operate conder the Asheroft Ighal standard to present the Amended plendings

# Ashcroft/Igbal Standard 129 S Ct 1937, 1949

The Plaintiff will goode some law to establish the Praintiff's position but basicly will leave law up to the Court you knowed it, study it, so busily your whole life is LAW.

The Ashcroft/Igbal Standard is sont of a goofy standard, the Plaintiff presents what was happen and the Court Accepted the Plaintiff Explanition, then turns to the State and says to the State— What's up, what's your explanation?

If there is an explanation of what happen to you that seems more plausible to the Coast than what the Plaint off's allegations are not plausible and the complaint does not state a claim? The States alternate explaination must be so overwhelming that the Plaintiff's claims no longer seem plausible see Pule 8 of F.R.C.P.

The Plaintiff has mixed feelings, Ashcroft, supra cost of throws us back to the W.Id West Days where everyone stood before the Cwant Judge to explain their position.

The Supreme Court in Bell Altantic raled each element of the claim must meet the plausibility Distanderal; starting, "a claim regiones a complaint with enough factual meeters (taken as true) to suggest the regional element. This does not imposed a protability requirement at the planding stage; but instead subsple calls for enough facts to vaise a reasonable expertation that discovery will reveal evidence of the necessary element.

The complaint must give the Coest reason to believe that the Plantiff has a reasonable wepont for these; claims, enough factual support for these; claims,

#### UTMB's Computor

Your Honor, I'm going to bring up the UTMB's computers to bring your Abrest of what is going on.

Lets go back to that Texas 5th Circuit Case \_ Gibson-v-Collier, go to page 41-Top of the page "Conflicting medical opinions".

the Plaintiff why Gibsons attorney was not

Now what the point? first UTMB computer may have been messed with, second all the letters to the Defendand may not be in the computer but the Court has enough Medical I-60 that breech He subject monther of SRS surgery and they got dute stomps.

The other main point is under G.11/Reed, 381 F3d 649, 660 (7 civant) the Plaintiff may rely on her treating physcibus to establish the standard of care, even if those physicians are agents of defendants.

The CMHC committee pulled Dr Mayers right to preserbe, would not honor SRS surgery thus turning the Plantiff into a eliminal.

## Case 2:17-cv-00018 Document 130-1 Filed on 04/20/20 in TXSD Page 17 of 44

Your Honor, everyone has bought into
the illusion that the CMHC committee is
treating the Transgender, if you buy into thes
gour not folly on point. The Defendants are
treating the Heterosexual male that shows
sympoms of Gender Dyspovia. The Defendants
operate under the Maggest-v-Hawks standard
that pressure are entitled to minimal medical
case (131 F3d 670, 671-72, 7th Circuit 1997), hence
Jour only proveded hormones and a sports
bre.
·

Dr. Meyers bought into the illusion too, he came into Galvestow Hospital with the thenking he was treating under the World Profession alosociation for Transgender Health A/K/A WPATH and he followed the guidelines for Transgender Health care under these guide-lines.

The CMHC committe quickly brought hem in the stark reality that the Defendants are operating under minimal care only and thats a sports Bra and Hormones.

	VO T

The Defendants say a Bra and Hosmonen is all they have to proved under Maggert/ HAWKS supra, its minual care and significant releaf is of no consideration. The Plant At says to provede significant relief the Transgender must be provided with Hormones, electrolysis, temenne clothing And Accessories And HEATH serices. The Plaint operates under Gibson Collins supra that adopted Koglek, 774 F3d@ 68-96 Your Honor in Keeping with the Asberoft/ Ighal supra standard its my explanation and its a plausible question to the Beach to answer there's teally wo law just material that. #### AFFADAVIT FROM S.K. VINSON #1595965

TO THE HONORABLE JUDGE OF SAID COURT:
MY NAME IS SELENE KELLY VINSON, AKA SHAWN KELLY VINSON. I AM A TRANSGENDER
WOMAN ASSIGNED TO THE MARK W. STILES UNIT OF THE TEXAS DEPARTMENT OF CRIMINAL
JUSTICE-INSTITUTIONAL DIVISION.

I AM DIAGNOSED WITH GENDER DYSPHORIA AND AM IN SOME SIGNIFICANT RELIEF THAT IS DESCRIBED BY THE FIFTH CIRCUIT COURT IN GIBSON V.COLLIER SUPRA. NOT ONE TIME HAS THE DEFENDANT PROVIDED ME WITH SIGNIFICANT RELIEF.

HERE IS A BRIEF SYNOPSIS OF MY MEDICAL MXXX HISTORY AND 'HOW' THE DEFENDANTS DENIED ME ANY SIGNIFICANT TREATMENT TO RELIEVE THE SYMPTOMS OF MY SEVERE GENDER DYSPHORIA. SUBSEQUENTLY THIS HAS LEAD TO, AND DOES LEAD TO DEBILITATING DISTRESS, MENTAL TORTURE, SUICIDAL IDEATION, DESTRUCTION AND CONSIDERABLE DAMAGE viaGENITAL MUTILATION.

THESE PROBLEMS CAN AND ARE PREVENTITIVE WHEN GIVEN MEANINGFUL AND SIGNIFICANT RELIEF! THE LEVEL OF SAID RELIEF ADOPTED BY THE FIFTH CIRCUIT.

I HAVE PREVIUOSLY SEVERED MY PENIS, EXCISED 2.5 cm OF SKIN FROM MY PENIS, EXCISED QUARTER SIZED CHUNKS OF MY SCROTAL SACK AND DISCARDED THEM. I HAVE ON ONE OCCASION ATTEMPTED SUICIDE WHICH WAS CAUSED BY THE DISTRESS OF FORCED MACULINITY BY THE DEFENDENTS.

ALTHOUGH DEFENDENTS HAVE ACKNOWLEDGED THE NEED FOR RELIEF AND ARE ALSO AWARE THAT SIGNIFICANT RELIEF CAN BE OBTAINED BY THE AFOREMENTIONED NON-INVASIVE THERAPIES, DEFENDENTS PERSIST TO DENY AT ANY AND ALL LEVELS THESE PROVEN SIGNIFICANT RELIEF THERAPIES, AND GENDER AFFIRMING TREATMENTS XXXX TO ALLEVIATE THE PREVIOUSLY MENTIONED SYMPTOMS OF MY SEVERE GENDER DYSPHORIA.

I SELENE KELLY VINSON, AKA, SHAWN KELLY VINSON DO HEREBY ATTEST AND SWEAR THE ABOVEN AFFADAVIT IS TRUE AND CORRECT AND I FURTHER UNDERSTAND UNDER THE PENALTY OF PERJURY I COULD BE PUNISHED FOR ANY THING I WRITE THAT IS A LIE.

RESPECTFULLY, SUBMITTED

SELENE KELLA VINSON

Your Honor, when presenting Legal Claim #2 I would like to do us both a favor, with your approval — Lets skip all the medical defition of Gender Dysporia,

promblem of the Jud Claim - Gender RASSIGNment surgery.

We are still operating under Ashcraft/ Igbal Standard, so chigat to present to gow what has happened and you got to Accept my explanation as true but clobal standardards says cligat to present to I you enough facts to reuse a reasonable expection that discovery well reveal evedance of necessary element.

Jour Honor when I do this your going to turn to the State and want theor explanation. Now, clin expecting the States alternate explanation to be so overwhelming that my claims no longer seem plainable.

Moed, the Texas Attorney General Corbella and that Pickens Group is hard to handle on Legal procedures, there but me with their legal whip a couble of times and it smarts.

Ther Ighal Standards, by my understanding, is about facts not logal

manuscrino, The standard Keeps everyone real honest, it sort of changes the landscape on failure to State a claum.

### Legal Clamo #17

The issue before the Court is the Plant. If was promise Sex Reassignent Surgery AKA S. R.S. In the treatment of Heterorexual Male, SRS is a viable operation for the treatment of Beider Dyspora.

The 5th Circuit with the adoption of Kosilek, 774 F3d@ 68-69. recongeal that there are two treatments to Gender Dysporia

1 The First is Significant Pelief, which we need not address be to its in Logal Claim # 16

of Sax Parssigment Surgery.

The Plaintiff says time has marched on and Medical Science has proven that SRS is effective and safe with the corner-stone of the Gibson/Collier, John Hopkins School of Medicine discovered new facts that proved SRS was safe and effective, And resumed 'SRS at John Hopkins School of Medicione. The State when trying to goote John Hopkins ween against SRS is tender mootely the fact John Hoykiws School of medicine resured SRS and considered it sale swd effective. Jour Honos, the State cannot in thes enstance borrow evedence, it has to present its own evidence \_ this is what the 5th Cwant said. So in Keeping with the Ighal Standard and He 5th Circuit, enclane SRS is unsafe has to be overwhelming to deafeat the Phinot. It's claim is this order. of the State trys to advance the arguenent that SRS is bound in TexAS that is not correct. The First Circuit made it quite class ( that the demal of SRS in Kesikks CHSR was not ment to "create a de Fredo BAN Agent
